***Heritage Care offers
an engaging lifestyle
and consciously
nurtured community
for residents in
aged care.***

Our residents receive attentive, tailored care backed by highly skilled and caring staff. We have over 20 years' experience in cultivating communities that brighten our residents' lives and help them maintain an active and enriching life.

We take a people centred approach to care which means our residents benefit from care, participation in stimulating activities and nourished with wholesome and culturally accepted meals that are individualised to their needs and tastes.

We also preserve their autonomy by involving them in daily-decision making, and offer complete transparency for families and loved ones.

About Us

Heritage Care is a leading Australian independently owned provider of high-quality residential aged care.

- **Founded in 2002**
- **1,000 beds**
- **11 aged care homes across New South Wales and Victoria**

Our Model of Care

At Heritage Care we pride ourselves in providing the best quality of care for our consumers through being 'the best ... in everything we do'.

This extends to our Model of Care 'WRIGHTS' which captures the principles of our organisation.

WELL-BEING

Heritage Care creates safe, welcoming and inclusive communities for our residents.

Our team of compassionate and highly trained staff work collaboratively to give our residents an active and fulfilling lifestyle that is unique to each residents' needs. We offer a safe and secure environment that allows ageing in place, so your loved one will be cared for as their needs change. Our mission as a residential aged care provider is to be the best at everything we do for the benefit of the community, a mission we never stop striving to reach.

We empower our residents to retain their independence in our community by giving them the power to make daily decisions around their healthcare and lifestyle needs. Our residents enjoy wholesome and culturally accepted meals, while living in a supportive environment

that takes a person-centred approach to aged care. We listen and make it a priority to get to know each resident individually to help retain their quality of life.

Each member of our team is dedicated to brightening our residents' day. Our caring and compassionate team choose to work with us to make a meaningful difference in our residents' lives. At Heritage Care you will find experienced nursing and clinical care staff supported by strong operational management.

Each day at a Heritage Care home offers stimulating and versatile experiences to help our residents stay connected to each other and their loved ones.
