# Heritage Northcote

14-24 PEARL ST, NORTHCOTE

*Heritage Northcote is a brand-new and contemporary design that provides residents with a tranquil and homely environment.*

Combining state of the art care technology with daily waiter table service, mealtime choices and a vibrant lifestyle program make Heritage Northcote a complete and fulfilling community for our residents.

Our residents receive attentive, tailored care backed by highly skilled and caring staff. We have over 20 years' experience in cultivating communities that brighten our residents' lives and help them maintain an active and enriching life.

We take a people centred approach to care which means our residents benefit from care, participation in stimulating activities and nourished with wholesome and culturally accepted meals that are individualised to their needs and tastes.

We also preserve their autonomy by involving them in daily-decision making, and offer complete transparency for families and loved ones.

*Heritage Care Northcote uses the latest SleepSense technology to deliver better care.*

At Heritage Northcote, we have implemented ground-breaking SleepSense bed sensor technology to deliver high-quality nursing care that collects and monitors vital signs in a non-invasive manner.

This leading edge technology allows nursing and care workers to create improved health and safety outcomes for our residents, while preserving their autonomy through the care process.
